**FROMMER SECURES \$2.3 MILLION TO COMPLETE PHASE I OF THE
SILVER LAKE RESERVOIR PROJECT.**

Los Angeles, CA – Assemblymember Dario Frommer (D-Los Feliz) will present Councilmember Eric Garcetti (City of Los Angeles) with \$2.3 million he secured for the construction of phase one of the Silver Lake Reservoir Project.

For nearly fourteen years, Silver Lake residents have worked hard to get funding to expand recreational uses of the picturesque reservoir. Together with the Los Angeles Department of Water and Power and State and local officials, residents created the Silver Lake Master Plan which includes the creation of jogging and walking paths separated from street traffic, replacing the existing chainlink fence with a more eye-catching design and landscaping.

The \$2.3 million grant Frommer secured is part of the State's Natural Resources Infrastructure Fund. Assemblymember Frommer led the effort in the State Legislature to designate funds for the creation of additional parks and recreational sites throughout the state and was co-author of the park bond that designates \$260 million towards the creation of community parks and facilities in densely populated areas.

WHO: Assemblymember Dario Frommer
Councilman Eric Garcetti, Thirteenth District, City of Los Angeles
